

Dear Doctor,

The software system you have purchased contains the latest version of ICPC-2 PLUS.
The database will be updated regularly by Stat Health Systems.

General Practice Licence Fees

Initial Membership (for new customers)

Initial membership includes a one off user fee for the life long use of ICPC-2 set by the World Organisation of Family Doctors (WONCA), and an annual site licence fee set by the FMRC:

Single FTE User	\$220*
2-4 FTE Users	\$330*
5-10 FTE Users	\$450*
11-15 FTE Users	\$510*
16-20 FTE Users	\$570*
21+ FTE Users	\$620*

This "one off" WONCA user fee is payable to Family Medicine Research Centre, who pass the total payment on to WONCA at regular intervals.

This payment is now GST free. The monies received by WONCA will assist the Classification Committee in continuing its work in further developing classification systems (including ICPC-2) for general practice.

The annual ICPC-2 PLUS site fee covers the provision of regular database updates. If you want, you can feed back ICPC-2 PLUS terms you find difficult to find to the FMRC who will endeavor to include them in time for the next upgrade.

Note: FTE—full-time equivalent

* 10% GST is included in the annual licence fee component only

NOTE:

Annual renewal of Licence Fee for ICPC-2 PLUS

The annual fees for ICPC-2 PLUS for clients renewing their licence are as follows:

Single User	\$120*	11-15 Users	\$310*
2-4 Users	\$180*	16-20 Users	\$370*
5-10 Users	\$250*	21+ Users	\$420*

* 10% GST is included in this amount

Please complete and return this form to Family Medicine Research Centre (FMRC).

NOTE: Do NOT send a cheque with this form.

Upon receipt of this form the FMRC will forward contracts for completion and the Accounts Section of the University will invoice you for the amount owing.
